

The Yorkshire Land Rover Owners Club Ltd

Thank you for your interest in joining the Yorkshire Land Rover Owners Club. The club was formed in 1971, as the Yorkshire Rover Owners Club, by a number of enthusiastic Rover owners who wished to gain a little more from the ownership of Rover vehicles.

We are a 'marque' club, whose object is to provide and encourage the sport and pastime of motoring and other entertainment. We extend a friendly welcome to all comers. Amongst our members we have those experienced in competitive and non-competitive off-road driving, those who enjoy exploring unsurfaced country roads, caravanners, as well as those who enjoy technical aspects or social interests.

Our annual programme, which includes competitive, non-competitive and social events, is designed to reflect the wishes of our members. It currently includes off-road driving trials for both modified and road going vehicles, an annual Holiday Rally and an annual 4x4 event open to all makes. Club Officers can also advise on legal unsurfaced rights of way. Many weekends also incorporate camping and caravanning opportunities encouraging families to come along for a social gathering, barbeque, and explore local attractions, as well as supporting the motor sport event.

The second Monday in the month is currently the club night, at The Hunters Inn, Harrogate Road, Pool-in-Wharfedale. An informal pub gathering open to all with conversation usually centering on Land Rovers, but often covering more diverse topics!

The Club also publishes a newsletter 'The Yorkie'¹ which reminds members of forthcoming events, has reports and photos from events, informs of Land Rover related news and includes members' articles, Sales and Wants. Our Editor is continually seeking new ideas, as well as editorial contributions.

Members new and old are encouraged to suggest new ideas, and benefit from advice and knowledge of the more experienced members. We hope that all members can thus gain the most from Land Rover ownership. Jon Ackroyd (Chairman, YLROC)
